Molecular and Cellular Biology (ISSN 0270-7306) is devoted to the advancement and dissemination of fundamental knowledge concerning the molecular biology of eucaryotic cells, of both microbial and higher organisms. Instructions to authors are published in the January issue each year; reprints are available from the editors and the Publications Department. The journal is published monthly, one volume per year. The nonmember subscription price is $150 per year; single copies are $21. The member subscription price is $41 (foreign $54 (surface rate)) per year; single copies are $7. Correspondence relating to subscriptions, reprints, defective copies, availability of back issues, lost or late proofs, disposition of submitted manuscripts, and general editorial matters should be directed to the ASM Publications Department, 1913 I St., NW, Washington, DC 20006 (area 202 833-9680).

Claims for missing issues from residents of the United States, Canada, and Mexico must be submitted within 3 months after publication of the issues; residents of all other countries must submit claims within 6 months of publication of the issues. Claims for issues missing because of failure to report an address change or for issues "missing from files" will not be allowed.

Second-class postage paid at Washington, DC 20006, and at additional mailing offices. POSTMASTER: Send address changes to Molecular and Cellular Biology, ASM, 1913 I St., NW, Washington, DC 20006. Made in the United States of America. Copyright © 1986, American Society for Microbiology. All Rights Reserved.

The code at the top of the first page of an article in this journal indicates the copyright owner's consent that copies of the article may be made for personal use or for personal use of specific clients. This consent is given on the condition, however, that the copier pay the stated per-copy fee through the Copyright Clearance Center Inc., 21 Congress St., Salem, MA 01970, for copying beyond that permitted by Sections 107 and 108 of the U.S. Copyright Law. This consent does not extend to other kinds of copying, such as copying for general distribution, for advertising or promotional purposes, for creating new collective works, or for resale.

If you are working in the area of eucaryotic cell biology, then you need

Molecular and Cellular Biology

Published monthly by the American Society for Microbiology

SCOPE:

Molecular and Cellular Biology is devoted to the advancement and dissemination of fundamental knowledge concerning the molecular biology of eucaryotic cells, of both microbial and higher organisms. Topics that are considered include cellular morphology and function, genome organization, the regulation of genetic expression, morphogenesis, and somatic cell genetics.

Established in 1980, MCB has grown to approximately 3,500 pages.

ORDERING INFORMATION:

Monthly. ISSN: 0270-7306
ASM Member (U.S.): $41
ASM Member (foreign): $54
Nonmember institution: $150
SPECIAL nonmember individual rates: $55 (U.S.), $70 (foreign).

For foreign airmailed service, add $120 to the applicable subscription rate.

NOTES: All subscriptions must be prepaid in US dollars drawn on a US bank located within the continental United States, or they may be charged to MasterCard or VISA. ASM members are limited to one personal subscription. Subscriptions are entered on a calendar year basis only, e.g., with the January 1986 issue.
