Correction for He et al., “Cellular Corepressor TLE2 Inhibits Replication-and-Transcription-Activator-Mediated Transactivation and Lytic Reactivation of Kaposi’s Sarcoma-Associated Herpesvirus”

Zhiheng He,* Yunhua Liu,* Deguang Liang,* Zhuo Wang,* Erle S. Robertson,b Ke Lan*

Key Laboratory of Molecular Virology and Immunology, Institute Pasteur of Shanghai, Chinese Academy of Sciences, 225 South Chongqing Road, Shanghai 200025, The People’s Republic of China; Department of Microbiology and The Abramson Comprehensive Cancer Center, University of Pennsylvania Medical School, 3201E Johnson Pavilion, 610 Hamilton Walk, Philadelphia, Pennsylvania 19104

Volume 84, no. 9, p. 2047–2062, 2010, https://doi.org/10.1128/JVI.01984-09. Page 2052, Fig. 2: The beta-actin band shown in the left panel of Fig. 2A was an inadvertent duplicate of that from the right panel of Fig. 2A.

Page 2058, Fig. 7: The beta-actin (actin) band shown in Fig. 7B was an inadvertent duplicate of that from Fig. 3D.

Both errors were made during figure assembly. Due to the age of the article, we were unable to retrieve the original, uncropped Western blots. However, we repeated the experiments recently and similar results were observed.

We apologize for these errors. The errors do not change the interpretation of any results or the conclusion of the paper.
